# An interactive dashboard that shows Sales Performance by Product, Region, and Month

## Sales increased toward the end of the year
*We noticed that sales went up month by month and peaked in **November and December.***
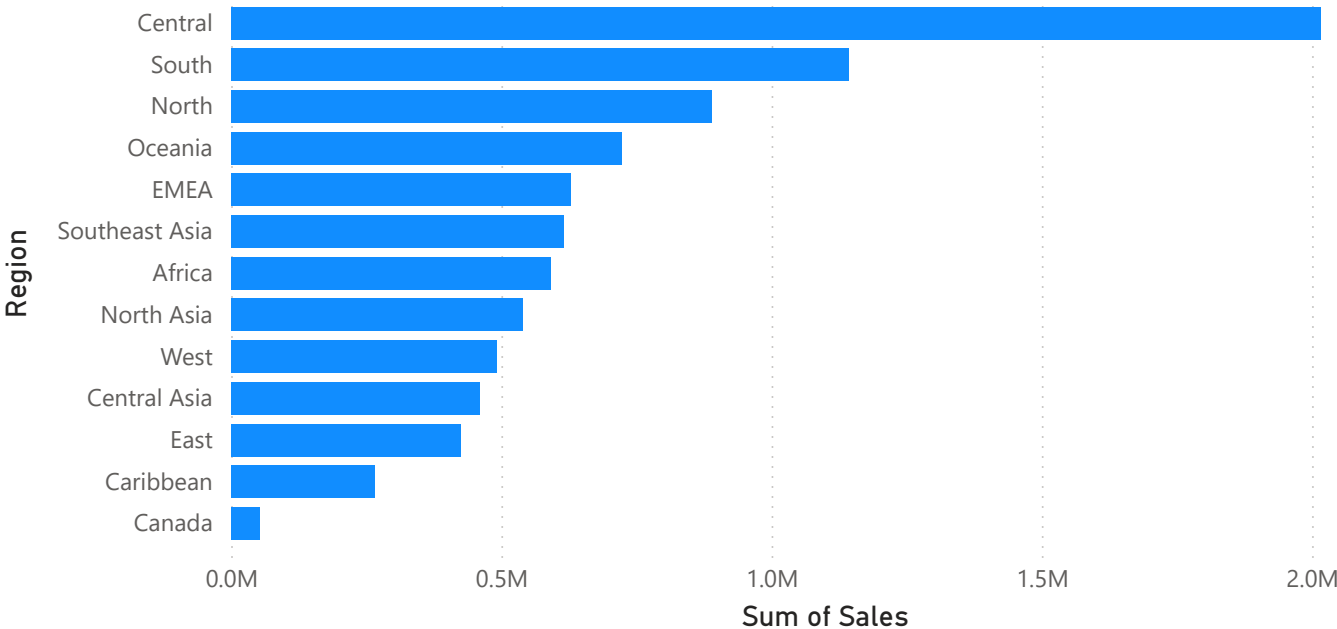

## Technology products brought in the most sales
*When we looked at different product categories, **Technology** stood out with the highest sales.*

## The Central region performed the best
*Out of all the regions, the **Central** had the highest sales overall. The **Canada** region, however, had the lowest.*

### Sum of Sales by Month

### Sum of Sales by Region

### Sum of Sales by Category
